

SAVE THE DATE: APRIL 5, 2023

Environmental Health, Land Development, and Water Management

Are you looking to start a business or develop property? Are you interested in learning how to test your drinking water or how to maintain your septic system?

Gallatin City-County Health Department is hosting an open house about environmental health, land, and water management in Gallatin County.

Participating Agencies:

- **Gallatin City-County Health Department** - drought monitoring, on-line applications, food safety, business licensing, property owner education
- **Gallatin Local Water Quality District** - water quality, testing your drinking water
- **Gallatin County Planning Development** - planning and zoning, subdivision floodplain management
- **Gallatin County Code Compliance Department** - code compliance information and assistance
- **Gallatin County Conservation District** - stream permitting, pollinator program
- **Gallatin County Solid Waste Management** - waste disposal questions, hazardous waste
- **Gallatin Weed District** - noxious weeds, advice and resources
- **City of Bozeman** - water conservation, drought management

**Gallatin County Fairgrounds, Bldg 1
901 N. Black Ave, Bozeman**

**Wednesday, April 5, 2023
5:00 to 7:00 p.m.**

Gallatin County
OPEN HOUSE
